

Project Design Phase Solution Architecture

Date	3rd October 2026
Team ID	SWTID-2026-3114
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	2 Marks

Solution Architecture Description

The proposed solution is implemented within the **ServiceNow Incident Management platform**. When a user creates or updates an Incident, the Incident form interacts with **Client Scripts** and **UI Policies** to dynamically control fields and validate user actions.
